### How is the program structured?

**Step 1/** To get the ball rolling we will kick off with practical driving lessons that will help you to begin learning to drive safely. During these lessons we will introduce students to their professional driving trainer, outline the Q-safe program (including 100hrs – Log book) & deliver a personalised student folder which we will use to deliver the Coastwide Driver Training Program.

**Step 2/** Our fully accredited driving instructors will carefully monitor student progress and tailor each lesson depending on the individual students need. They will look to identify any bad habits which may be emerging whilst reinforcing up-to-date vehicle and road craft skills. Our trainers will also reinforce good driving habits, identify and cover our core safe driving tips and tricks.

**Step 3/** During the final stages of your learning Coastwide can include mock testing of your Q-safe practical driving assessment with Queensland Transport. Our drivers will evaluate each student's ability to pass 51 competencies outlined in the Australian Driver Trainers Association(ADTA) handbook. Our highly skilled instructors have an excellent first time pass rate and will be doing all they can to help you succeed!
